What to expect on this trip?

The Abayudaya Jewish Community welcomes you to their beautiful country! This is adventure travel, perhaps unlike any you have experienced before. This trip is a project to empower sustainable economic development in the Abayudaya Jewish community through eco-tourism. You may be changed forever. You will be inspired by Africa and her people and moved by the survival of Jewish communal life there. Our wildlife safari lodges and national parks have been featured on Animal Planet and BBC documentaries and will thrill your family.

If you join us, you must be in good health, flexible and ready to deal with changing circumstances with a sense of humor. You may walk as much or as little as you wish. We are traveling in the dry season. Expect occasionally dusty air quality. Remember to drink constantly and enjoy!

Everything has been done to help us be as comfortable as possible, given that we will be traveling by air-conditioned van on dirt roads into agricultural villages, some with no electricity and no running water. Uganda is a developing country. The pace is much slower there.

Bring your camera, binoculars and patience. Expect occasional delays.

Look up our hotels on the internet. Hotels are friendly, modest and clean, with running water and electricity. TV is occasional. Power outages are frequent. Remember that hotels, meals, and ground tour as outlined are all included. **No credit cards. No traveler's checks. Note: Ugandan banks will only exchange spending money in \$50. bills issued after the year 2000.** Please leave expensive jewelry at home.

Food may be different from what you are accustomed to and is influenced by East Indian cuisine. Vegetarian meals are available. Great fish (tilapia, Nile perch) is generally available fresh from Lake Victoria. Kosher Shabbat meals in the Abayudaya community are available. Bring dry protein snacks to keep with you on long road trips.

What to bring:

Bring a sense of humor. Bring a willingness to learn from our hosts.

Important: Bring spending money in US \$50 bills issued after 2000. Uganda will not cash US bills issued earlier than this date.

No kidding.

No credit cards and no traveler's checks.

Uganda is on the equator. Bring lightweight, easy to rinse out casual summer clothes for adventure travel. Bring a hat. Pack for a very hot climate, with a light jacket for mountainous regions. Wear sneakers or comfortable walking shoes.

Due to space restrictions on the safari van, you are permitted:

One checked bag, and leave plenty of room for purchases! African clothing and crafts are beautiful and reasonably priced.

One carry on bag including prescription meds, an extra set of clothes, underwear and sundries, in the event of lost baggage.

Items worthwhile to bring for your own comfort and safety:

Cash in \$50 bills post 2007	Camera and batteries
Passport and visa	Prescription medications <u>in your carry-on bag.</u>
Plane tickets	Medicines, including malaria prophylaxis.
Proof of vaccinations	Our doctor also recommended bringing antibiotics for
